Notification of change

Content of the change:

Based on the stability study, the expiry date is extended to "36 months" for below mentioned products:

Product Name:

Catalogue number	Product
ES3007A	eSens Ureaplasma sp. QL PCR kit
ES3049A	eSens N.gonorrhoeae/M.genitalium QL PCR kit

Dear valued customers,

eSens kits now have an extended shelf life. A stability study has been performed and the conclusion is that the expiration date can be extended to 36 months.

The kits of below mentioned lots were produced after the evaluation lot for stability study, so these lots have the same process, material and quality system, therefore the expiry date for these kits can be extended to 36 months from the date of production.

As confirmed by the internal stability study and under the conditions of proper storage at the temperature specified in the relevant IFU, the stability of the lot below is as follows:

Catalogue number	Product	LOT	Original expiry dates	Extended expiry dates
ES3007A	eSens Ureaplasma sp. QL PCR kit	ES3007-002-24	10.06.2026	10.06.2027
ES3049A	eSens N.gonorrhoeae/M.genitalium QL PCR kit	ES3049-001-24	11.06.2026	11.06.2027

Please forward this information to all relevant contacts that may need to know about this change.

We apologize for any inconvenience and thank you for your understanding.
